

FITTINGS

- Swagelok Tube Fittings
- Pipe Fittings
- Weld Fittings
- Flange to Swagelok Tube Fitting
- Orifice Fittings
- VCO O-Ring Face Seal
- VCR Metal Gasket Face Seal
- Dielectric Fittings

TUBING & TUBE SUPPORTS

- Stainless Steel Tubing
- 2507 & 6MO Tubing
- Exotic Alloy Tubing
- Insulated Tubing
- Jacketed & Multi-jacketed Tubing
- Support Systems

HOSE & FLEXIBLE TUBING

- Stainless Steel Flexible Hoses
- NEW! FX Series Metal Hose**
- Hydraulic Hoses
- Rubber Hoses
- Flexible Tubing
- Specialty Hoses

TOOLS & ACCESSORIES

- Tubing Preparation
- Tubing Installation
- Tubing Benders
- Lubricants, Leak Detectors, Sealant
- Orbital Welding System

VALVES & MANIFOLDS

- Ball Valves - **NEW! GB Series Full-Flow Valve**
- Needle, Shutoff & Regulating Valves
- Check Valves
- Relief Valves
- Metering Valves
- Quarter-Turn Plug Valves
- 2, 3, & 5 Way Manifolds
- Bleed & Purge Valves
- Stream Selector Valves
- Excess Flow Valves
- Bellows-Sealed Valves
- Diaphragm-Sealed Valves

REGULATORS

- Pressure Reducing Regulators
- Back Pressure Regulators
- Specialty Regulators
- Gas Cylinder Regulators

SAMPLE CYLINDERS

- DOT Approved Sample Cylinders
- Miniature Sample Cylinders

QUICK CONNECTS

- Instrumentation & Speciality

FILTERS

- Coalescing Filters
- High Purity Filters
- Particulate Filters: Inline & Tee Type

MEDIUM & HIGH PRESSURE

- Swagelok FKO Tube Fittings
- Swagelok FKB Ball Valves
- Installation Tools
- Cone & Thread Fittings
- MP/HP Tubing
- MP/HP Pipe Fittings
- MP/HP Needle Valves
- MP/HP Check Valves
- MP/HP Relief Valves

CUSTOM SOLUTIONS

- CAD Drawing
- Instrument Enclosures
- Panels
- Subassemblies
- Welded Assemblies
- Specialized Tube Bending

MEASUREMENT DEVICES

- Flow Sensors
- Pressure Gauges
- Pressure Transducers
- Thermometers, Thermowells

MINIATURE MODULAR SYSTEMS

- Analytical, Modular Platform Components
- Ultrahigh-Purity, Integrated Gas Components

TRAINING & EDUCATION

- Tube Fitting Installation & Safety Training
- Tube Bending Training
- Process Sample System Trainings
- Orbital Weld Training

Fluid System Evaluation & Advisory Services | Edmonton Valve & Fitting

Swagelok Fluid System Evaluation and Advisory Services bring our technical expertise, application experience, and industry knowledge onsite to improve performance, productivity, safety, and reduce costs & environmental issues. Our experts visit your facility, evaluate your systems, and advise on performance enhancements. They deliver a detailed report and recommend solutions tailored to your toughest fluid system challenges.

NEW! Gas Distribution Program: Our program is designed to reduce leak potential, maximize safety, improve uptime, efficiency, and reliability. Our assemblies allow for ease of maintenance & troubleshooting to keep reliable pressures & flow for each application.

Grab Sampling: Improve your grab sample systems with safer, more accurate, and compliant samples that help reduce plant costs. Our team can identify issues affecting sample quality and opportunities for enhancing system performance.

Hose Advisory Services: Prevent unplanned downtime, repeated hose replacements, loss of profits, runtime failure, and safety incidents through an onsite inspection, complete with reports to highlight improvement recommendations and replacement options.

NEW! Field Advisory Virtual Services: Our team utilizes state-of-the-art intrinsically safe RealWear technology to collaborate in real-time with our global experts to provide a virtual onsite experience for troubleshooting, testing, and evaluations.

Sample System Evaluation: Improve sampling reliability with our expert, in-depth analysis of your sampling systems, from process tap to analyzer. We'll help you obtain more representative samples, reduce time delay and improve compatibility with your analyzer.

Compressed Gas Leak Detection: Improve efficiency, increase reliability, and reduce energy consumption and emissions in everyday plant operations by addressing and eliminating leaks throughout your facility.

IMPROVE EFFICIENCY, SAFETY & PRODUCTIVITY. REDUCE EMISSIONS, LEAKAGE & COSTS
